Memorandum of Pandemic Understanding- Earth School Workshops 2021

We are excited to be able to provide a wonderful Earth School experience for all our Earth Schoolers! We continue to work diligently to keep measures in place that will allow us to run safely and professionally for the 2023 season.

As we know, COVID-19 & variants will be with us for the foreseeable future. No matter what procedures and protocols are put in place, there is simply no way to guarantee that COVID-19/Variants, or any other pathogen or communicable disease will not enter Earth School. By the very nature of the personal interactions that take place in workshop environments, there is always a risk of your child contracting this or any other disease or infection. We will do everything within our power to keep your child healthy and safe at Earth School.

Please do not bring your child if they are experiencing any symptoms. Follow current CDC guidelines

I hereby acknowledge that I have read and understand memorandum as described above.
