Review Carefully

- Payment and registration form must be completed before child is able to attend.

**Earth School reserves the right to exercise good judgment regarding the safety of children. Inclement weather, or other circumstances may cause a change in scheduling or activities during a session.
Earth School also reserves the right to discontinue participation for any**

attendee whose behavior becomes a safety issue to themselves or others. If this occurs, payment will be forfeited.

Refunds –Given our current circumstances, refunds (minus online merchant fee) will be issued due to camp cancellation or health issues.

Parent Signature _____ **Date** _____

Print name please _____

How did you heard about us? _____

Any emergencies, please call Patricia– 267-454-4491 or Bucks County Audubon @ 215-297-5880

Memorandum of Understanding- Earth School Workshops 2021

We are excited to be able to provide the wonderful Earth School Workshop experience that all of our Earth School kids have been anxiously waiting for. We have been working diligently to put measures in place that will allow us to run safely and professionally for the 2021 season.

Because of the close contact within a camp community, and to mitigate the risks, we are implementing the following procedures:

- We will continue to work closely with, and follow the most current guidelines established by Bucks County, the PA government, CDC, and federal officials for best practices with regards to preventing, identifying, and managing COVID-19.
- We will use all available means at our disposal to establish an approved testing routine in compliance with CDC guidelines that will be managed by our medical professionals.
- We will significantly ramp up our hygiene protocols for cleaning and disinfecting on a workshop-wide scale.
- Should the need arise, we will have on-site quarantine facilities readily available, along with adequate supervision and medical care until you can pick up your child.
- We will alter camp operations to curtail physical interaction between our participants and facilitators.
- We will alter the program so as to maintain the level of enjoyment our campers expect, while observing social distancing.
- We will continue to modify our programming as may be required by CDC and local guidelines

As we know, COVID-19 will be with us for the foreseeable future. No matter what procedures and protocols are put in place, there is simply

no way to guarantee that COVID-19 or any other pathogen or communicable disease will not enter Earth School. By the very nature of the personal interactions that take place in workshop environment, there is always a risk of your child contracting this or any other disease or infection. And again, we will do everything within our power to keep your child healthy and safe at Earth School this season.

I hereby acknowledge that I have read and understand the points as described herein.
